- 2.2 unless otherwise agreed with the Council in writing, carry out the Contract Works only between the working hours set out in Item 11 of the Schedule.

3. **Access, Work Health and Safety**

In this regard the Contractor must develop and implement appropriate rules, systems and procedures and generally monitor, manage and administer the operations of the Site and the Contract Works in a proper and professional manner and, without limiting this, the Contractor must take and enforce all necessary

or desirable measures to ensure safety in respect of persons and property while performing its obligations under this agreement.

3.3.2 Without limiting clause 3.3.1, the Contractor must at its own cost:

3.3.2.1 erect and at all times during the day and night maintain in or around the Site suitable signs warning the public of the execution of the Contract Works; and

3.3.2.2 during all hours of darkness keep all machinery and other obstructions or traps created in the course of the Contract Works adequately illuminated for the protection of the public.

3.4 **Suspension of Contract Works**

3.4.1 If the Council considers that the suspension of the whole or part of the Contract Works is necessary because of a breach of this clause by the Contractor or for any other reason (with the Council acting reasonably in all things), the Council may direct the Contractor to suspend the progress of the whole or part of the Contract Works for such time as the Council thinks fit (acting reasonably in all things).

3.4.2 As soon as the Council becomes aware that the reason for suspension no longer exists, the Council must direct the Contractor to recommence work on the whole or relevant part of the Contract Works.

3.4.3 If caused (whether directly or indirectly) by any act or omission by the Contractor, the Contractor bears any cost incurred by it by reason of a suspension under this clause.

3.4.4 Suspension under this clause does not affect the Date for Completion, but the cause of the suspension may be a ground for time extension under clause 9.3.

4. **Materials and Work**

4.1 Unless otherwise specified in this agreement, the Contractor must supply at its own cost everything necessary for the proper completion of the work under this agreement and the proper performance of its obligations under this agreement.

4.3 Unless otherwise specified in this agreement, materials to be incorporated in the Contract Works must be new and, where applicable, materials and workmanship must comply with the relevant standard of Standards Australia International Limited.

4.4 At any time before the issue of the Final Certificate, the Council may reject any material or work which does not comply with this agreement and may direct its removal, correction or replacement, whether it has been the subject of a payment or not. The Council must make any such rejection or give any such direction as soon as practicable after discovering the non-compliance.

4.5 If the removal, correction or replacement directed by the Council requires the removal of, or damage to, works or materials of other contractors, the Contractor must also remove, replace and/or reinstate those other works or materials.

4.6 If the Council directs the Contractor to correct or replace any material or work, the Contractor must commence the work of correction or replacement within seven days after the receipt by the Contractor of the direction (or such other period as the Council may reasonably determine) and must complete the work properly and to the satisfaction of the Council. If the Council directs the Contractor to remove from the Site any material which does not comply with this agreement, the Contractor must do so promptly.

- 4.7 The Contractor must bear the cost of all such removals, corrections, replacements and reinstatements.
- 4.8 If the Contractor fails to comply with this clause the Council may have the removal, correction or replacement carried out by other persons. The cost incurred by the Council in having the work so carried out is a debt due from the Contractor to the Council.

5. **Provisional Sums**

- 5.1 The Council need not pay any provisional sum specified in Item 13 of the Schedule unless the relevant work or item is performed or supplied by the Contractor at the direction of the Council. In that case, the Council must pay the provisional sum (subject to adjustment) to the Contractor as an addition to the Contract Sum in the same manner and at the same time as the Contract Sum.

6. **Subcontracting and Assigning**

- 6.1 The Contractor must not assign or subcontract this agreement or any right or obligation under it without the prior written consent of the Council, which may be granted or withheld in the Council's absolute discretion.
- 6.2 With any application for such consent, the Contractor must provide all information required by the Council, including evidence that the proposed assignee or subcontractor is capable of performing the Contract Works to be assigned or subcontracted.
- 6.3 Unless otherwise agreed in writing by the Council, no such assignment or subcontract relieves the Contractor from any liability under this agreement or at Law in respect of the performance or purported performance of this agreement and the Contractor is responsible for the acts and omissions of any assignee or subcontractor or any assignee's or subcontractor's employees and agents as if they were the acts or omissions of the Contractor.
- 6.4 For the purpose of this clause, if the Contractor is a company, an assignment of this agreement includes any change in the beneficial ownership of the share capital of the Contractor, or the resignation, death or appointment of any director of the company, which alters the effective control of the Contractor.

7. **Workforce**

7.1 **Control of employees**

- 7.1.1 The Contractor must employ and must ensure that its subcontractors employ only persons who are careful, skilled and experienced in their respective trades and callings.
- 7.1.2 The Council may object to and direct the Contractor to remove or have removed from the Site or from any activity connected with the Contract Works within such time as the Council directs any person employed by the Contractor or by any subcontractor who (in the Council's opinion) is incompetent or negligent in the performance of that person's duties or whose conduct is (in the Council's opinion) prejudicial to the competent, safe and timely execution of the Contract Works.
- 7.1.3 The Contractor must comply with such direction and any such person must not again be employed on the Site or on activities connected with the Contract Works without the prior approval of the Council.

7.2 **Industrial relations**

- 7.2.1 The Contractor is responsible for industrial relations with all workers engaged in and about the execution of the Contract Works.

- 7.2.2 The Contractor must keep the Council fully informed of any disputes with or demands by workers or their representatives and any other circumstances which could result in industrial action affecting the normal working of the Site or otherwise affecting the competent and timely execution of the Contract Works.
- 7.2.3 If the workers of the Contractor or the workers of any subcontractor of the Contractor take industrial action which affects the normal working of the Site or otherwise affects the competent and timely execution of the Contract Works and that industrial action is prohibited by Law, then the Contractor must at its own cost take all action necessary to seek urgent injunctive relief preventing such industrial action and must at all times keep the Council fully informed of the progress of such action.
- 7.2.4 If the Contractor fails to seek injunctive relief in accordance with this clause, or if the Contractor does not do so with all expedience, the Council may take such action, and the Contractor is liable to the Council for all costs incurred in so doing.

8. Variations

8.1 Variations

- 8.1.1 No Variation invalidates this agreement.

- 8.2.1 The Contractor must not make any Variation of the Contract Works except:

- 8.4.1.1 if practicable, the value of a Variation must be agreed by the Contractor and the Council before the Contractor commences to execute the Variation;
 - 8.4.1.2 if the value of a Variation is not agreed by the Contractor and the Council, the value must be determined by the Council in accordance with the rates and the criteria set out in Item 12 of the Schedule;

9.2.1 The Contractor must bring the Contract Works to Completion on or before the Date for Completion.

9.3 **Claim for time extension**

9.3.1 The Contractor by written notice to the Council may claim a time extension if progress of the Contract Works is delayed or will be delayed by:

9.3.1.1 a breach of this agreement by the Council;

9.3.1.2 construction and execution of a Variation unless made necessary by an act or omission of the Contractor;

9.3.1.3 civil commotion, any combination of workmen on or off site, lockouts or similar actions undertaken by employers of labour provided such actions have not been caused or contributed to by an act or omission of the Contractor or a company related to the Contractor;

9.3.1.4 a Latent Condition;

9.3.1.5 a strike, ban or other industrial action affecting the progress of the Contract Works which is of general application throughout the relevant industry or industries; or

9.3.1.6 inclement weather or its consequences affecting the Contract Works at the Site.

9.3.2 The Contractor may only claim a time extension made reasonably necessary by the delays caused by the factors specified in clause 9.3.1.

9.3.3 The claim must state with reasonable particularity the cause of delay, and an estimate (if practicable) of the extent or likely extent of the delay in bringing the Contract Works to Completion.

9.3.4 The claim must be made before or within seven days after the commencement of the delay, whether or not it is practicable to estimate the delay or its consequences.

9.3.5 The Contractor may provide to the Council any information the Contractor considers appropriate for any ongoing review by the Council of the time extension.

9.3.6 The Contractor must promptly provide to the Council all information requested by the Council for any ongoing review by the Council of the time extension.

9.4 **Extension of time**

9.4.1 If progress of the Contract Works is delayed by a cause beyond the control of the Contractor and listed in clause 9.3.1, and if Completion of the Contract Works is thereby delayed, the Contractor is entitled, subject to clauses 9.5 and 9.5.1.4, to a fair and reasonable extension of the time for bringing the Contract Works to completion, and the Date for Completion must be extended under clause 9.5.1.4.

9.5 **Conditions precedent**

9.5.1 The Contractor is entitled to a time extension only if:

9.5.1.1 the Contractor claimed a time extension in strict compliance with clause 9.3;

9.5.1.2 the Contractor took reasonable steps to minimise the delay in Completion of the Contract Works; and

9.5.1.3 the delayed activities are critical to the Programme.

9.5.1.4 Council's determination

9.5.2 The Council must determine what (if any) fair and reasonable extension of time for bringing the Contract Works to Completion should be allowed to the Contractor in respect of each claim, and must give written notice of every such determination to the Contractor, and the Date for Completion must be extended accordingly.

9.6 **Extraordinary grant**

9.6.1 With the Contractor's consent, before or after Completion, the Council may by written notice allow to the Contractor an extension of time for bringing the Contract Works to Completion, and the Date for Completion of the Contract Works must be extended accordingly.

9.7 **No costs or damages**

9.7.1 The Contractor accepts the risk of all costs, losses and expenses incurred because of a delay in progress or Completion of the Contract Works (including a delay caused by a Variation directed by the Council). The Contractor's sole remedy for such a delay is an extension of time approved by the Council under this clause. No costs or damages are payable by the Council in respect of such a delay.

10. **Completion of Contract Works**

10.1 **Inspection of Contract Works**

10.1.1 The Contractor must notify the Council in writing to arrange an inspection or inspections of the Contract Works when, or as soon as practicable after, they are brought to Completion. The Contractor must at that time provide to the Council all warranties, certificates, operating and maintenance manuals and other information necessary for the use, operation and maintenance of the Contract Works, including a copy of the 'as built' drawings, plans and specifications for the Contract Works.

10.2 **Certificate of Completion**

10.2.1 The Council must then inspect the Contract Works and:

10.2.1.1 if satisfied that the Contract Works have been brought to Completion, must give to the Contractor a Certificate of Completion of the Contract Works stating the date upon which the Contract Works were brought to Completion; or

10.2.1.2 if not so satisfied, must give to the Contractor a Non-completion Notice specifying the Defects which the Contractor must attend to before the Council will issue a Certificate of Completion of the Contract Works.

10.2.2 If the Council fails to give to the Contractor either a Certificate of Completion or a Non-completion Notice within 10 days after receipt of the written notice from the Contractor under clause 10.1, the Contractor may give the Council a further written notice requiring the Council to issue a Certificate of Completion or a Non-completion Notice within seven days after receipt of that further notice. If the Council fails to do so, the Council is deemed to give a Certificate of Completion of the Contract Works upon the expiration of seven days.

10.2.3 The Contractor may give the Council a notice under clause 10.1 more than once.

10.3 **Completion of Contract Works**

- 10.3.1 Unless the Contractor by written notice to the Council disputes the Certificate of Completion of the Contract Works within seven days after receipt of the Certificate, the Contract Works are deemed to have been brought to Completion on the date stated in the Certificate of Completion. The Certificate must not be otherwise disputed.

11. **Defects Liability**

11.1 **Defects Liability Period**

- 11.1.1 The Defects Liability Period for the Contract Works commences upon Completion of the Contract Works and continues until expiry of the period stated in Item 8 of the Schedule.

11.2 **Remedy Defects**

- 11.2.1 If before the expiry of the Defects Liability Period, in the Council's opinion a Defect is apparent or has been detected in the Contract Works, the Council may give written notice to the Contractor in the form of a Defects Notice requiring the Contractor to remedy that Defect. The Defects Notice must state:

11.2.1.1 the Defect which is required to be remedied; and

11.2.1.2 the date by which the Defect is to be remedied.

11.3 **Carry out instructions**

- 11.3.1 The Contractor must promptly and competently carry out instructions of the Council given in a Defects Notice, in strict accordance with that Defects Notice.

11.4 **Council may rectify**

- 11.4.1 If a Defect is not rectified within the time specified in the Defects Notice, the Council may rectify the Defect at the Contractor's cost, without prejudice to any other rights that the Council has against the Contractor in respect of that Defect. The costs incurred by the Council in so rectifying the Defect are a debt due from the Contractor to the Council.

11.5 **Further Defects Liability Period**

- 11.5.1 If the Contractor executes remedial work under this clause, the Council may by written notice to the Contractor fix a further Defects Liability Period in respect of the remedial work (being no longer than the initial Defects Liability Period) commencing upon the date of completion of the remedial work. This clause applies to that remedial work as if the further Defects Liability Period was the Defects Liability Period referred to in clause 11.1.

11.6 **Access for remedial works**

- 11.6.1 The Council must provide reasonable access to the Contract Works for the Contractor to execute remedial works at times reasonably convenient to the Council and occupiers of the Contract Works. The Contractor must execute remedial works in such manner as minimises inconvenience to the Council and occupiers of the Contract Works.

11.7 **Deemed Variation**

- 11.7.1 If it is established that a Defect identified as such by the Council is not a Defect or is a Defect in the design of the Contract Works as prepared by any consultant of the Council, the works carried out by the Contractor pursuant to an instruction under clause 11.2 are deemed a Variation.

11.8 Final Certificate

- 11.8.1 Upon the expiry of the Defects Liability Period, and when the Contractor has completed the Contract Works including all remedial works to the reasonable satisfaction of the Council and has provided to the Council all documents and other information required by the Council under this agreement, the Council must issue to the Contractor a Final Certificate stating the Council must pay to the Contractor in accordance with item 14 clause 3 of the schedule any remaining balance of the Contract Sum as adjusted under this agreement.
- 11.8.2 Issue of the Final Certificate and payment of the Contract Sum do not release or discharge any liability of the Contractor to the Council for any breach of this agreement (including any Defect) or for any other conduct in relation to the Contract Works or this agreement.

12. Adjustment of Contract Sum

12.1 No adjustment unless authorised

- 12.1.1 If the Contract Sum is a fixed lump sum, it is not subject to rise and fall, and includes allowance for all works incidentally or contingently necessary to execute and complete the Contract Works and for all the Contractor's risks and responsibilities. Without limiting this, it includes allowance for all the Contractor's costs of and incidental to any special payment or allowance made to or for the benefit of workers engaged upon execution of the Contract Works including any project or site allowance, any disability allowance, any redundancy payment or redundancy pay scheme, or any payment or contribution or allowance for or on account of superannuation or long service leave.
- 12.1.2 The Contract Sum will not be adjusted or varied except in accordance with provisions of this agreement providing expressly for an adjustment of the Contract Sum.

12.2 Adjustment for Variations

- 12.2.1 If the Council instructs a Variation, the Contract Sum is adjusted by adding or deducting (as the case requires) the value of the Variation as agreed between the Contractor and the Council. However, the Contract Sum must not be increased unless:
- 12.2.1.1 the Council has expressly stated in writing that the instruction is a Variation;
- 12.2.1.2 the Council has expressly stated in writing that the Contract Sum will be adjusted for the Variation; or
- 12.2.1.3 the works carried out are deemed a Variation under clause 11.7.

13. Payment of Contract Sum

- 13.1 Where the Contract Sum is a fixed lump sum, the Council must pay the Contract Sum in accordance with Item 14 of the Schedule.
- 13.2 Where the Contract Sum is determined by the Schedule of Rates in 46.6, the Council must pay the Contract Sum at the time and in the manner specified in 46.6.
- 13.3 **Effect of Payment**
- 13.3.1 A payment of all or part of the Contract Sum is not an acceptance of the Works or Services or a waiver of a right or action of the Council.

14. Security

- 14.1 If the Security is a bank guarantee, then the Contractor must provide the Security to the Council before the Date for Commencement as security for the due performance of the Contractor's obligations under this agreement.
- 14.2 If the Security is a retention sum, then the Council may deduct and retain an amount up to the Security amount from each payment by the Council to the Contractor under this agreement as security for the due performance of the Contractor's obligations under this agreement.
- 14.3 The Security (whether retention sum or bank guarantee) must be released to the Contractor as follows:
 - 14.3.1 upon the issue of the Certificate of Completion, 50% of the Security (as adjusted under this agreement) must be released; and
 - 14.3.2 upon the issue of the Final Certificate, any remaining Security (as adjusted under this agreement) must be released.

15. Right of Council to Recover Money

- 15.1 Without limiting the Council's other rights, the Council may deduct any debt due from the Contractor to the Council under this agreement from any money which is or becomes payable to the Contractor by the Council, including the Security. This clause does not affect the Council's right to recover from the Contractor the whole of the debt or any balance that remains owing after deduction.

16. Risks, Indemnities and Insurances

16.1 Contractor's risk

- 16.1.1 The Contract Works are at the Contractor's risk until the Contract Works are brought to Completion.
- 16.1.2 The Council's insurance does not cover material loss or damage to any property, plant or equipment or materials of the Contractor. The Contractor must take out appropriate insurance to cover these items.
- 16.1.3 Security for plant, equipment and unfixed materials on Site is the sole responsibility of the Contractor.

16.2 Property damage

- 16.2.1 The Contractor must indemnify the Council against any loss or liability (including the payment of excesses on insurance effected by the Council) incurred by the Council in respect of the loss or destruction of, or damage to, or interference with, any property of the Council or of any person, if and to the extent that it is caused or contributed to by the Contractor or its employees or agents or any subcontractor or any person supplying work or services in and about the execution of the Contract Works by the Contractor.

16.3 Public risk

- 16.3.1 The Contractor must indemnify the Council against any liability incurred by the Council in respect of personal injury to, or death of, any person arising out of, or in the course of, the execution of the Contract Works if and to the extent that it is caused or contributed to by the Contractor or its employees or agents or any subcontractor or any person supplying work or services in and about the execution of the Contract Works.

16.4 Contractor's insurance

- 16.4.1 The Contractor must effect and maintain at all material times during the currency of this agreement insurance in the joint names or otherwise for the benefit of the Council, the Contractor and all subcontractors and suppliers (**Insured**). The insurance must at all times cover liability to the public (including the Council) for at least \$20,000,000 in respect of personal injury to or death arising by accident to any person and in respect of any injury loss or damage arising by accident to any property real or personal including property (other than the Contract Works) belonging to the Council or in which the Council is interested and where the accident arises out of or is caused by the execution of the Contract Works.
- 16.4.2 The Contractor must keep the insurance current until the expiry of the Defects Liability Period.
- 16.4.3 The Contractor must ensure that each policy of insurance required by this clause contains provisions acceptable to the Council that:
- 16.4.3.1 require the insurer to accept the term 'insured' as applying to each of the persons comprising the Insured as if a separate policy of insurance had been issued to each of them (subject always to the overall sum insured not being increased thereby); and
 - 16.4.3.2 require the insurer, whenever the insurer gives to the Contractor a notice of cancellation or any other notice under or in relation to the policy, at the same time to inform the Council in writing that the notice has been given to the Contractor; and
 - 16.4.3.3 provide that a notice of the occurrence of an event out of which the particular Insured giving the notice alleges that it has suffered or could suffer a loss or damage must be accepted by the insurer as a notice of the occurrence given by the Insured. If an event occurs which in the opinion of the Contractor may give rise to a claim involving the Council or the Contractor under the policy of insurance effected by the Contractor it must notify the Council and must ensure that the Council is kept fully informed of subsequent action and developments concerning the claim.

16.5 Return to Work SA

- 16.5.1 Subject to clause 16.5.2, the Contractor must ensure that it is at all times registered as an employer under the *Return to Work Act 2014 (SA) (Act)* and that it pays all premiums due under it in respect of its employees engaged in and about the Contract Works. The Contractor must produce to the Council on execution of this agreement a current Certificate of Registration as an employer under the Act. The Contractor must ensure that all subcontractors engaged by it have at all times current Certificates of Registration as employers under the Act, and must produce them to the Council upon request in writing by the Council.
- 16.5.2 Notwithstanding clause 16.5.1, if the Contractor (or any sub-contractor) is unable to register as an employer under the Act, then the Contractor must instead adequately insure against accident, personal injury and disability. The Contractor must maintain such insurance at all times during the currency of this agreement (including the Defects Liability Period) and must produce evidence of:
- 16.5.2.1 the existence and adequacy of such insurance; and
 - 16.5.2.2 the Contractor's (and/or any sub-contractor's) inability to register as an employer under the Act.

16.6 Inspection of insurance policies

- 16.6.1 Whenever requested by the Council, the Contractor must produce evidence (to the satisfaction of the Council) of the insurances effected and maintained by the Contractor pursuant to this clause.
- 16.6.2 If the Contractor fails to do so, the Council may effect and maintain any such insurance and pay the premiums. The amount paid is a debt due from the Contractor to the Council.

17. Force Majeure

- 17.1 If a Force Majeure Event causes delay or failure by a party to perform its obligations under this agreement:
 - 17.1.1 neither party is liable for such delay or failure; and
 - 17.1.2 all obligations of a party under this agreement are suspended until the Force Majeure Event ceases to apply.
- 17.2 A party which is, by reason of a Force Majeure Event, unable to perform any obligation or condition required by this agreement must:
 - 17.2.1 notify the other party as soon as possible giving:
 - 17.2.1.1 reasonably full particulars of the Force Majeure Event;
 - 17.2.1.2 the date of commencement of the Force Majeure Event and an estimate of the time required to enable it to resume full performance of its obligations; and
 - 17.2.1.3 where possible, the means proposed to be adopted to remedy or abate the Force Majeure Event;
 - 17.2.2 use all reasonable diligence and employ all reasonable means to remedy or abate the Force Majeure Event as soon as possible;
 - 17.2.3 resume performance as soon as possible after termination of the Force Majeure Event or after the Force Majeure Event abates to an extent which permits resumption of performance;
 - 17.2.4 notify the other party when the Force Majeure Event terminates or abates to an extent which permits resumption of performance; and
 - 17.2.5 notify the other party when resumption of performance occurs.
- 17.3 If a delay or failure under this clause exceeds 60 days, the Council may immediately terminate this agreement by written notice to the Contractor (**Termination Date**).
- 17.4 In the event of the Council terminating this agreement pursuant to clause 17.3:
 - 17.4.1 the Council remains liable to pay the Contractor any unpaid progress claims already submitted; and
 - 17.4.2 within twenty (20) Business Days of the Termination Date the Contractor must give the Council a final progress claim:
 - 17.4.2.1 for Contract Works completed up to and including the Termination Date and not the subject of a prior progress claim; and
 - 17.4.2.2 for reasonable and substantiated direct costs or expenses (net of GST input tax credits) the Contractor incurred as the result of the Council terminating the agreement under clause 17.3 and not reasonably able of being put to alternate use.
 - 17.4.3 The Council will not otherwise be liable to the Contractor for any cost, loss, expense or damage incurred by the Contractor in connection with the exercise by the Council of its rights under clause 17.3 including, without limitation, any claim relating to loss of anticipated profits or unperformed Contract Works.

18. Termination by Council

- 18.1 If:
- 18.1.1 the Contractor becomes an externally administered body corporate or an insolvent under administration;
 - 18.1.2 execution is levied against the Contractor or its assets for more than \$1,000 and execution is not stayed or satisfied within 14 days;
 - 18.1.3 the Contractor fails, or ceases, to hold an Authorisation required by Law for carrying out the Contract Works;
 - 18.1.4 any industrial action affects the execution or progress of the Contract Works or any industrial action which may affect the execution or progress of the Contract Works is threatened, except industrial action of a general application throughout the relevant industry or industries;
 - 18.1.5 the Contractor's engagement under any other agreement with the Council in respect of the Site or any adjacent site is terminated or if the Council lawfully excludes the Contractor from the Site or any adjacent site under any such agreement;
 - 18.1.6 the Contractor:
 - 18.1.6.1 fails to provide the Security;
 - 18.1.6.2 fails to proceed diligently and competently with the execution of the Contract Works;
 - 18.1.6.3 commits a breach of this agreement; or
 - 18.1.6.4 fails to comply with an instruction or direction of the Council; andthe Council gives written notice to the Contractor specifying the breach and requiring it to be remedied within seven days of receipt or any other reasonable period specified in the notice and stating the Council's intention to terminate the Contractor's engagement under this agreement if the breach is not remedied within that period, and the Contractor does not so remedy the breach within that period;
- Without limiting its other rights, the Council may:
- 18.1.7 take over the whole or any part of the Contract Works remaining to be completed; and/or
 - 18.1.8 terminate the Contractor's engagement under this agreement by written notice to the Contractor.
- 18.2 If the Council exercises these rights, insofar as is necessary, the Council may exclude from the Site the Contractor and any other person concerned in the performance of the Contract Works.
- 18.3 If the Council takes over the whole or any part of the Contract Works remaining to be completed, the Council may:
- 18.3.1 complete them or part of them;
 - 18.3.2 let a contract for them or part of them; or
 - 18.3.3 engage or employ any person other than the Contractor to carry out them or part of them.
- 18.4 After taking over the Contract Works or part of them, on Completion the Council must ascertain the cost of the works to the Council, comprising payments to the Contractor and all losses, costs, charges and expenses incurred by the Council in carrying out the Contract Works. The Council must certify that amount to the Contractor. A certificate signed by the Council stating the costs of the Contract Works to the Council

is prima facie evidence of the matters stated in the certificate. If the amount certified is greater than the amount which would have been paid to the Contractor if the whole of the Contract Works had been completed by the Contractor pursuant to this agreement, the difference between the two amounts is a debt due from the Contractor to the Council.

- 18.5 Upon termination of the Contractor's engagement under this clause, the Contractor is liable to the Council for all losses, costs and expenses caused by the termination of the Contractor's engagement, as if this agreement had been repudiated by the Contractor and rescinded by the Council's acceptance of such repudiation.

19. Termination by Contractor

- 19.1 The Contractor may terminate this agreement by written notice to the Council if the Council breaches a material term of this agreement and fails to remedy the breach within a reasonable time after receiving written notice requiring it to do so.

- 21.2.2 The role of a mediator is to assist in negotiating a resolution of the dispute. A mediator may not make a decision that is binding on a party unless that party has agreed in writing.
- 21.2.3 Any information or documents disclosed by a party under this clause:
 - 21.2.3.1 must be kept confidential; and

24.8.1 Each indemnity, obligation of confidence and other term capable of taking effect after the expiration or termination of this agreement, remains in force after the expiration or termination of this agreement.

25.2.1.1 the expressed consideration for that supply must be increased by, and the Recipient must pay to the Supplier, an amount equal to the GST payable by the Supplier in respect of that supply; and

25.2.1.2 the Recipient must pay that additional amount at the same time and in the same manner as the expressed consideration.

25.3 Reimbursements

25.3.1 If a payment to a party under this agreement is a reimbursement or indemnification of an expense or other liability incurred or to be incurred by that party, then the amount of the payment must be reduced by the amount of any input tax credit to which that party is entitled for that expense or other liability, such reduction to be effected before any increase in accordance with the previous subclause.

26. Security of Payment

26.1 If the *Building and Construction Industry Security of Payment Act 2009* (SA) (**SP Act**) applies to this agreement:

26.1.1 the SP Act prevails to the extent of any inconsistency; and

26.1.2 the parties agree to comply with the SP Act.
