

Sow, grow, enjoy

SEED LIBRARY

HOW TO GROW FROM SEED

1. Fill punnet with seed raising mix level with edge
2. Press down gently and evenly
3. Poke holes no deeper than twice width of seed.
 - For small vegetables in shallow punnets use 6-8 holes.
 - For larger plants make only 3-4 holes and use a deeper punnet if possible
4. Grow 2-3 small seeds or 1 large seed in each hole
5. Pinch over or sprinkle over more mix to cover, and label
6. Water the seeds in gently
